"And the fact that they saved the script from what they think is a disaster after we had a green lit script and a was strike basically implies they were scabs "

Which we should 100% lead them to

RR said  
  
To- something about ryan claiming the female hired was feminist writer didn't know how to tackle a female film etc  
Using their own words against them -  
8/15/2024 2:01:49 PM

[REDACTED] Melissa Nathan (Owner)  
AND doing it while there was a strike  
8/15/2024 2:02:16 PM

[REDACTED] Melissa Nathan (Owner)

SO even though there was a female writer - RR came in to " save the day " which didn't need saving and was deeply misogynistic

But the other stories are really good that I gave you this morning I hope and all that information above come straight from the horses mouth

8/15/2024 3:27:12 PM

 **Candace Trunzo**

Why can't we do friend of baldoni says he was mortified by her insensitivity.

8/15/2024 5:07:05 PM

 **Candace Trunzo**

Based on that interview. That she blew off the question about women going to her for advise. She could easily have said it's important in an abusive to get real help blah blah. So you had two ideas right - one that she fired Lesley Sloan because of all the bad press - we'll have to go to Sloan for comment as well as Blake. That's good. . The other is that RR was a scab by rewriting part of script during strike. I don't think our readers are going to care too much about that. But they do care that Baldoni reacts to something - and that interview gives him the perfect opp. In my opinion.
